

SUMMIT LYNX WARTH-SCHRÖCKEN

SummitLynx is a digital summit-/ hut- & tour book on your smartphone.

Whether you are an experienced hiker or a curious beginner:

Achieving the various, defined goals in all difficulty levels earn points in the SummitLynx app.

This is how it works:

- ▶ Download the SummitLynx app (free), launch it and sign up a user.
- ▶ In the menu item „regions” you can see which destinations and hiking needles there are on site. It also shows which goals have already been achieved and how many points have been collected. In Warth-Schröcken more than 35 destinations were defined (mountain peaks, huts, lakes, village centers, ...).
- ▶ Let's go on the hike!
- ▶ When you reach your destination, you open the app and immortalize the hike in the digital tour book. Entries are made via GPS - no internet connection required.
- ▶ When the certain points have been reached, you will receive a nice certificate by e-mail.
- ▶ Those who present their SummitLynx app with the numbers of points they have achieved in the tourist offices will receive a “real” hiking needle for attachment (€ 3,00) or the Tannbergbank (€ 5,00).

Hiking needles.

- ▶ BRONZE 600 points
- ▶ SILVER 1800 points
- ▶ GOLD 2800 points
- ▶ TANNBERGBANK 6 points
(stages Tannbergweg)
